

PORTUGUESE AS A SECOND LANGUAGE

Our **Portuguese as a Second Language – PSL** course is designed for foreigners who wish to learn Brazilian Portuguese. The course is divided in Modules and you can choose how long each one will take according to the time you have available to study Portuguese (half-yearly, intensive, semi-intensive or “VIP”). Your level of knowledge will be previously assessed through a placement test. At this course, you will develop your communicative skills, especially your ability to understand, speak, read, and write in Portuguese. Classes are interactive, creative, and dynamic. This allows you to learn Portuguese by speaking and discussing topics you are interested in and that put you in touch with the world. Reading and writing are practiced through specific activities, always related to the topics that have already been approached in class. Students’ assessment is constant and progressive. Books, interactive materials and access to a Portuguese Learning Platform are some of the features you will use when taking this course. You will also have access to a multimedia lab inside CELINC.

COURSE HOURS, TERMS, AND COSTS:

THIS PRICES INCLUDE: STUDY, MATERIAL, NOTEBOOKS AND A CERTIFICATE ISSUED BY UNISC.
